Newsletter Vol. 03

Natural Habitat Adventures has been a leader in responsible adventure travel & eco tourism since 1985. Their Grand India trip is a comprehensive, stress-free adventure to experience India's fantastic wildlife. Most travelers who come to see India's tigers go to Bandhavgarh National Park and Kanha which offers some of India's best tiger viewing possibilities.

Baghtola Kanha successfully completed two series for Natural Habitat Adventures of USA and received testimonials from every guest. Decked up and looking forward to the rest of the series.
